Reinforcement for the internal sales team

Langenbrettach, 11.04.2024; At the beginning of February 2024, the team at Bags By Riedle, Langenbrettach, welcomed Marivo Safang as a new internal sales representative. After studying business administration at Heilbronn University, the account manager gained a wide range of experience in the areas of sales, purchasing, customer service and export, including in wholesale and with manufacturers of kitchen furniture and audio technology.

The focus of his new role at the well-known supplier of innovative and sustainable paper bags is on providing professional advice and support to existing customers and acquiring new ones. Reliable order processing, including complaints management, plays just as important a role as providing competent information on new, high-quality Riedle products.

The company has been operating successfully on the market for almost three decades, working for and with well-known brands and agencies at home and abroad. "It is incredibly motivating to work for a company that continues to set standards in the industry," says Marivo Safang. He already feels very comfortable in the team and wants to be a competent and reliable contact for his customers.
